VJTI MUMBAI: GRADING SYSTEM & EXAMINATION RULES

VJTI follows an autonomous credit-based grading system. Performance is measured using Semester Performance Index (SPI) and Cumulative Performance Index (CPI).

1. Evaluation Scheme

The standard evaluation pattern for courses at VJTI follows a **60-20-20** distribution:

- **End-Semester Examination (ESE) [60%]:** A final descriptive examination conducted at the end of the semester covering the entire syllabus.
- **Mid-Semester Examination (MSE) [20%]:** A mid-term exam usually conducted for 40 marks, which is then mathematically converted to a weightage of 20 marks.
- **Teacher's Assessment (TA) [20%]:** This component is evaluated by the respective subject teacher. It is typically based on:
  - Attendance and classroom participation.
  - Surprise class tests and quizzes.
  - Individual or group assignments.
  - Group presentations or PPTs in class.

2. Passing Criteria & K.T. Rules (Allowed To Keep Terms)

- **Passing Marks:** A student must score a minimum of 40% in ESE and 40% overall (ESE + MSE + TA) to pass a course.
- **K.T. (Keep Terms):** If a student fails a course, it is termed as a "K.T."
- **Promotion Rules:**
  - A student can carry forward a maximum of **4 K.T.s** (failed heads) from the current academic year to the next.
  - If a student has more than 4 active K.T.s at the start of a new academic year, they are **Year Down (YD)** and cannot progress to the next year until they clear the backlogs.

3. Grading Scale

Grades are awarded based on absolute or relative marking:

- **AA:** Outstanding (10 Points)
- **AB:** Excellent (9 Points)
- **BB:** Very Good (8 Points)
- **BC:** Good (7 Points)
- **CC:** Average (6 Points)
- **CD:** Below Average (5 Points)

- **DD:** Marginal Pass (4 Points)
- **FF:** Fail (0 Points)

4. Revaluation & Photocopy

- Students dissatisfied with their ESE marks can apply for a **Photocopy** of their answer sheet within 5 days of the result declaration.
- After receiving the photocopy, students can apply for **Revaluation** if they believe there is a marking error.

5. Makeup Examinations

A "Makeup Exam" is conducted shortly after the regular ESE results for students who failed (FF grade) or were absent due to genuine medical reasons.

Note: Malpractice during exams (cheating, carrying mobile phones) leads to immediate cancellation of all papers for that semester and potential suspension.
